

Beautifully situated in the pristine Catskill Mountains of Sullivan County, Montreign Operating Company, LLC (MOC) has built a casino resort within a \$1.2 billion all-season integrated resort destination that will also include an entertainment project, golf course and waterpark.

MOC is owned by Empire Resorts, Inc., a holding company for various subsidiaries in the hospitality and gaming industries, including the Monticello Raceway that has operated in the Catskills since 1958.

MOC licensed the "Resorts World" brand for the casino resort in March 2017. Resorts World Catskills opened on February 8, 2018 and features more than 100,000 square feet of Las Vegas-style gaming including 1,600 slot machines and more than 150 live table games.

In addition to its expansive gaming area, the casino resort also includes 12 varied bar and restaurant experiences, a 332 room all-suite hotel, which also includes 27 premium accommodations consisting of garden suites, penthouse suites and two-story villas, Crystal Life Spa, two fitness centers, and the 2,500 seat RW Epicenter. The exclusive Palace High Limit Gaming Area is designed for top-tier players and features private gaming salons and a VIP lounge.

The integrated casino resort destination also includes additional stay and play opportunities, including The Alder, an adjacent 101-room lifestyle hotel.

In April 2019, the destination resort campus introduced The Kartrite Resort and Indoor Waterpark. A Rees Jones redesigned golf course is planned for Summer 2023.

"Resorts World" is an internationally-recognized hospitality and casino brand established by the leaders of the Genting Group, a multi-national conglomerate that includes a global destination-resort operator with a reputation for being a premier provider of leisure and entertainment services.
